

Our service always pays off

The STOCKMEIER Group specialises in the production, handling and storage of chemicals of all kinds. You too can benefit from our many years of expertise – as a service provider, we handle all processes for you.

You can concentrate on your core business while we take care of everything else. Whether it's the handling of hazardous substances, complex authorisation processes, or the coordination of chemical transport: we handle all relevant processes on your behalf – from the procurement of raw materials to storage, filling and delivery.
