Nail Polish Remover Oil Gel

No more brittle and broken nails! This innovative product combines care, efficient nail polish removing and a pleasant scent. Thanks to the contained **PROPYLENE CARBONATE**, the acetone-free Nail Polish Remover Cream offers a gentle care experience for nails and cuticles. **DIMETHICONE** provides emollience to skin and aids in spread ability. Simply apply the product to the nails, wait a few minutes and then remove the nail polish with a tissue or cotton pad.

Procedure

- Heat phase A to 65–70 °C until a clear solution is obtained.
- Cool with gentle stirring to 40 °C and add phase B.
- Cool down until first turbidities are observed and homogenize.
- Fill immediately into final packaging and leave untouched in order to crystallize.

Stability

Product was stable during 4 weeks with repeated cycles from 5 °C to 40 °C
