

# We make food unique

STOCKMEIER Food is an emerging company in the flavour industry. We develop, produce and sell flavours worldwide. We offer our customers professional taste solutions with flavours, seasonings and functional blends.

The head office of STOCKMEIER Food Group is in Herford (Germany). Starting in Germany more than 35 years ago, we serve European and worldwide customers for 25 years. Serving the food industry in more than 50 countries is done by distributors and our own sales offices in Moscow, Russia (stockmeier-food.ru), Csömör, Hungary (stockmeier-food.hu) and Poznan, Poland.

Our flavours are an indispensable and important component of modern food products. The product portfolio covers a

wide range of synthetical and natural flavours. We develop and produce individual recipes for each of our customers precisely tailored to their requirements. The R&D and application centres in Herford (Germany) and Csömör (Hungary) create flavours for the food and feed industry. Our international R&D team designs flavours individually for different food segments and markets.

Quality management according to FSSC 22000 and our HACCP concept are the base to produce high-quality products. Our factories and nearly all products are halal and kosher certified. The FAMIQS certification is important to offer our flavours for feed industry.
